Past Commanders and Presidents Recall Outstanding Early Story Of Legion and Auxiliary Here

Joe Friedheim, as oldest in point of service, acted as Master of Ceremonies, for Past Commanders of the local Legion Post, Tuesday night when the "youngsters" were given a review of some of the early history of Everglades Post No. 20 of the American Legion.

"Organized in March or April of '28," according to Lawrence Will, the dozen charter members got together a very respectable representation to participate in the Seminole State Dance in May in West Palm.

Our dress was boots, khaki pants, blue shirts and Texas sombreros. This uniform accompanied by an occasional yellow custard apple, moon vine, catfish, moonshine, Everglades twenty, let the multitude know that the infant community of Belle Glade was there.

Bill Allen, Ralph Freeman, Luther Jones, Tom Bregger, W. L. Cunningham, George Farnell, and H. E. Jones, among the retracees told of the building of the Legion Home which acted as community meeting place for church, dance, shows, ladies activities, and what-not.

The establishment of the day nursery in the Legion Home, the junior league baseball and Sons of the Legion and sponsorship of Boy and Girl Scouts were a part of the specific accomplishments of the Post, aside from activities in all phases of Community affairs.

Among the recent Commanders, Buddy Willis, Bill Young, Smith, R. Y. Creech, Jr., Sid Smith, (Continued on page 4)

Lake Worth won its first Palm Beach County Intercollegiate Golf Championship at the Lake Worth Golf Club Monday. The title has been won three times by West Palm Beach, Delray winning once in the five years of play.

Following the matches Alf R. Neilson presented the championship cup to team captain Haggie. Peitz Captains of the four teams were introduced, they in turn introducing members of their team.

Mrs. Louise McWhorter was voted chairman of the 1953-54 season matches.

The Lake Worth girls entertained in the club room. The serving table was beautifully decorated with yellow hibiscus and yellow tapers in crystal holders, with crystal punch bowls at either end.

Playing on the team from Belle Glade were Haggie Weeks, Pete Kirkham, Edith Van Landingham, Kat Weeks, Helen McCabe, Louise Rhodes, Ruth Ziemann and Louise McWhorter.

Others members playing were Zelma Betzner, Bessie Mulberg, Elaine Van Landingham, Helen Rabyn and Kathleen Livingston. All men golfers regardless of your scores are invited to play Sunday in the intercollegiate matches at the Delray Beach Club course. It will be a handicapped affair so don't worry about your game.

Novelty — "Night Beat," "Manhattan After Dark," Harold Walters.

During the business session the committee chairman gave their reports. Mrs. Pete Kirkham reported that the PTA has a membership of 617 for the year.

It was voted by the group to (Continued on page 3)

LEGISLATIVE ACTION ON DIAGNOSTIC LABORATORY PASSED ALL COMMITTEES

The bill to provide an appropriation for the establishment of a diagnostic laboratory under state supervision has been passed by Committees of both the House and the Senate, but must run the gauntlet of legislative procedure to get on the calendar for actual vote.

The proposed laboratory is to be located in Orange or Osceola Counties, as a near center of the cattle activity.

A fee is provided for each diagnosis, but, as emphasized by all cattlemen's organizations, there will be a place where these may be had.

If you're interested it might be wise to communicate with the House and Senate members urging that the bill be placed on the calendar and where it will be voted on.

Youngsters Put The Glades On Map At Lions Convention

Local Lions roar around home about what they do and they do considerable — but it took the kids to go to the Big City, Miami, and "take the day" with their song, and personality.

Recently a home talent, directed by Lioness Marian Najar, entertained local audience with very favorable financial results; so, the Lions arranged to carry the High School Band and the Glee Club to the State Convention of the Lions.

The Glee Club of 33 members serenaded the various hotels and celebrities of the convention on Sunday night, including the President of International Lions.

The Band paraded with 22 other bands of South Florida in the big parade and was well applauded along the line of march.

The group that did the most effective advertising for the Glades, and Belle Glade particular, however, is the trio. They were scheduled to make two appearances at special functions, but were conscripted for several additional appearances at official functions, and went over with a bang.

The attractiveness and appealing songs of the trio drew special attention to the Glee Club and Band, all to the pride and enjoyment of all South Florida.

Miss Rita Abbott's photogenic rendition of a majorette's functions rated a special picture in the Miami papers.

Among local Lions attending the Convention were Mrs. Ruth Timmons, Miss Marian Najar, President and Mrs. Whitlock, Mr. and Mrs. Emmett Roberts, Mr. and Mrs. C. J. Asper, Mr. and Mrs. H. V. Dren, Mr. and Mrs. W. S. Ingram, Mr. and Mrs. Geo. Wedgworth, Vernie Bawks, Nelson Morris, and Tommy Parker.

Proceeding the meeting the group enjoyed a covered dish luncheon.

Local Guard Unit Receives High Efficiency Rating

Officers of Battalion level have only words of praise for the performance of the local unit in their range training of the past three weeks. Lt. Col. O. W. Hartwell, Battalion Commander, spoke very highly of the local Glades company here Monday at the regular weekly drill. He stated that "The men in the unit here are doing a fine job on the range and in army training as a whole."

Major Leo A. Smith, Assistant Army Training, was present with his assistant, SFC. Smith, to observe training.

Saturday, May 16th, at 8:00 am. Company E left Belle Glade for Pahokee, where they held a practice parade in preparation for the Armed Forces Day parade held in West Palm Beach Saturday night. The parade consisted of all National Guard Units of the 2nd Battalion, which included besides the Glades Unit, units from West Palm Beach, Ft. Lauderdale, and Ft. Pierce. The parade began at 7:00 pm and was routed down Clematis Street, ending on Flagler Drive. The men were given liberty until one o'clock, following the parade.

The parade was witnessed by one of the largest crowds ever to observe an Armed Forces Day event in Palm Beach County.

Firing on the rifle range of individual weapons, for record, was completed Sunday, May 17th. Forty-five men of Company E qualified with their Company E qualified with their (Continued on page 4)

Celery And Corn Revive In Price To Raise Hopes

Activity Indicated In This Area Util Middle Of June

With an average price of \$3.00 to \$3.25 for corn and the same and a bit higher for celery for the past week, and hopes of its continuing until all supplies are over, high hopes are buzzing around the Glades.

Advised operators think that the prices may well hold up on celery until the Glades crop is all harvested, and that corn will hold for a two week period yet.

Generally, to date, it appears that some 10% increase in total packages around the Lake will have been shipped by the end of the season, with a "take" in dollars of approximately 10% less than last year's total.

ROTARY'S LADIES NIGHT FRIDAY NIGHT, MAY 23th

Committeemen, Bill Lanier and Marvin Unwin announced that next Ladies night will be on Friday, May 23th at 7:30 pm, at the Clewiston Inn.

The Committee promises a brand of entertainment and a feast to outshine all other nights given over to the Rotarians. All Rotarians are requested to assist their Rotarian to keep that night free of other entangling alliances.

Rotarians Hear Neilson Talk On A Bottle Of Milk

"Since 1920 milk production in Florida has doubled each ten year period" Alf Neilson told Rotarians Friday, "and during the last decade ending in '50 it more than doubled the sales are that the current period will greatly exceed the past one in gain."

"We are now producing in this state as much milk as we use in the fluid state and must look to manufacturing of milk products to take up the slack between consumption and production."

In tracing the history of "A Bottle of Milk" in the area Mr. Neilson told of his family's arrival at White City in '93, because Little Alfred was puny and needed medical attention. "We went into the woods to the west and brought home two heifers and the two quads of milk per day from the two kept Little Alfred going. I've been drinking at least a quart of milk per day since that time."

In the early twenties the only way a resident of Palm Beach County could get certified milk was on a doctor's prescription, because we had the only (Continued on page 2)

LEGION TURNS BACK LIONS BY 7-3 SCORE

In the first game Tuesday night at Memorial Field one of the smallest crowds of the Little League season watched the Belle Glade Legion team beat the Lions Club a 7-3 setback.

The Legion scored all their runs in the first, second and third innings. In the first inning they scored on a base on balls and a double by Davis, the Lions right fielder.

In the third they added two more runs on a base on balls, an error and a single by Lutz. Hogue started on the mound for the Lions but gave way to Lutz in the fourth. Lutz pitched scoreless ball the last three innings. Puckett was handling the catching duties for the Lions.

Billy Forsee went the distance for the winners scattering four (Continued on Page Four)

OUR JUNIOR SENATOR GOLFS WITH "ELEOT"

Congressman Syd Herlong played golf last Thursday with President Eisenhower at Burning Tree Club with special invitation. As usual, the sports is "top secret." Over the weekend Syd entered the annual membership-guest tourney there with a top flight partner, William D. Stark, Jr., Jacksonville insurance man and former Florida state champion.

Senator Smathers also enjoyed a week-end playing at the annual spring festival celebrities tournament at Greenbrier in a foursome made up of himself, the famous Fazio, Senator Stewart Symington and the Duke of Windsor.

scoutmasters in charge of the council delegation.
Les Braddock is one of the fourteen scouts that have registered to attend in this area, so far.
The council delegation will leave July 11 and return July 30.

More than 50,000 Boy Scouts and leaders from all parts of the nation and from other lands will camp together.
The tent "Jamboree City" will rise on the 3,000-acre site on the Irvine Ranch in the New Port Harbor area of Southern California.

The camp will have its own electricity, water supply, telephone service, postoffice and other services. It will be the largest encampment of boys ever held.

All scouts will share in the daily camp chores, cook their meals, prepare their own camp and take part in tip-top shape. The cost of attending the jamboree and transportation is \$355, with additional cost for each individual. Scouts taking part have earned their expenses or have been sponsored by some organization in recognition of exceptional work.

All campers pay a fee covering cost of food, use of equipment and building the camp. In the opinion of Scouts taking part, the jamboree means to America, Congress has authorized the loan of some materials at no cost to the taxpayers. The owners of the Irvine Ranch are lending the use of the land and the nation's railroads are granting special rates. Scouts or parents desiring information about the Jamboree contact—Boy Scout Council Office—440 Datura St., West Palm Beach.

The eight year old Brownsie met Wednesday at the scout meeting under the leadership of Mrs. H. O. Collins and Mrs. Peter L. Chance.

Plans were made to have a picnic at the Lake Worth Casino pool Saturday, with some interesting a lunch. This will be the last scout meeting until fall. Mr. and Mrs. Frank Anderson, Mrs. H. O. Collins and Mrs. Peter L. Chance will chaperone the group.

Members present at the meeting were Judy Amodeo, Pat Anderson, Mrs. Blum, Penny and Peggy Carlson, Linda Robin, Gloria Smith, Cathie White, Janet Rhymes and Kay Cross.

ESTHER JANUARY SERVICES HELD

Services were held Thursday for Mrs. Esther Bernice January, 49, who died Tuesday at 5 pm at St. Mary's Hospital, West Palm Beach.

Mrs. January had been a resident of Belle Glade for nearly 12 years coming here from Ellaville, Ga. A registered nurse she was formerly in charge of

Oseola Camp Clinic for three years, on nurses staff of the Everglades Memorial Hospital, Pahokee, and Superintendent of Nurses, Belle Glade Memorial Hospital.

Mrs. January was a charter member of the Eastern Star and a member of First Baptist Church of Chosen.

Survivors include her husband, Palmer, and son, James. Funeral services were held Thursday at 3 pm at the First Baptist Church, Chosen, with the Rev. Fred Robins, pastor, officiating.

Members of Eastern Star honorary pallbearers; J. L. Gay, W. Knight, John Allan, Charles Greer, M. I. Kroene, and H. Boree active pallbearers.

The body was sent to Ellaville, Ga., with Eastern Star in charge of graveside services.

WILLIAM P. HILL SERVICES HELD

Funeral services for William Porter Hill, 61, local resident for the past 17 years, who died Sunday at the Belle Glade Memorial Hospital, were held Tuesday at 4 pm at the Community Methodist Church with the Rev. E. L. Hollister, officiating. Burial was held at Woodlawn Cemetery, Miami.

Mr. Hill was a well known settler and a former credit manager for the Hector Supply Co., coming here from Miami. He was a member of the Community Methodist Church, Woodlawn Cemetery, Detroit, Michigan, and former member of the Rotary Club.

Survivors include two sons, William Porter Hill, Jr., Belle Glade and Howard E., student at APU, Auburn, Alabama; a daughter, Mrs. Betty Ann Kidd, Belle Glade; four grandchildren, John and Janis Kidd, Belle Glade; Sherryll and Dawn Hill, Belle Glade; and father, Isaac M. Hill, Louisville, Ky.

GUESS as to the number of kernels of corn the goose was fed by the 30 participating members and drop the ticket in the box in front of the Hugo Theater.

This surprising feature in this contest game is that YOU DO NOT HAVE TO BE AT THE THEATRE TO WIN THE PRIZES.

This means that EVERYONE has the same chance to win. You can make as many guesses as you wish. By asking members to guess the number of kernels of corn the goose was fed, you can guess 30 times a day if you wish.

The winners will be announced from the stage of the Hugo Theater, June 25th, and will be posted on the theater box office window as well as announced through the Belle Glade Herald and over the radio. Remember, ask EVERY DAY for a Goose Ticket, write your guess as to the number of kernels of corn the goose was fed in 30 days, sign your name and address and drop the ticket into the box next to the caged goose outside the Hugo Theater... and remember too, you DO NOT HAVE to be present to win.

Let's all get in this game. You've NOTHING to lose and gifts valued at \$473, \$240, \$102 and the goose and cage if your guess is one of the four closest to the correct figure.

other food or article used daily has gone up near so little!"

"A pound of protein food secured from milk costs you 22c; a pound of protein from beef costs you 31c," he said in pointing out the advantages of his "bottle of milk."

"This country," he continued, "is fast becoming one of the most important finishing areas for beef, at the same time the State is taking a big place among the leading cattle producing States."

Mr. Nelson dwelt on the purpose of the much discussed Milk Commission which regulates the sale of milk in the State. Being a surplus-producer of fluid milk, the State's producers must have regulated distribution practices, and the Milk Board serves as a buffer between the public and the producer." Mr. Nelson showed that regulation of prices has kept the cost of milk well within the country's average and at the same time has kept the industry on an even keel."

As a member of an eight-man commission appointed nationally to advise with the Secretary of Agriculture on the regulation of the support program for milk and milk products, Mr. Nelson sees a possible assistance from the Secretary's council.

MILK SPENT BY MILITARY SERVICES FOR GLADES CROPS

"If it isn't the best, they're not interested," said a local shipper when asked what type of vegetables the Army buys through its local procurement office, and continued "They're interested in quality and at the time they find it desirable to pay premium prices for better quality in the instances where that procedure" would create food savings."

Capt. I. B. Garner, U. S. Army Quartermaster Corps, in charge of the Field Buying Office at Belle Glade, assisted by two civilian purchasing agents, Mr. D. L. Peppard and Mrs. L. S. Hill, purchased approximately 25 to 30 cars of Glades produce weekly over a period of 25 weeks for the Army, Navy, and Air Corps under the supervision of the parent Market Center located at Columbia, S. C.

With a season total of 650 carloads and use of Glades vegetables — always top quality — the Army's purchases of vegetables in the Glades near the million dollar mark annually.

Nearing the end of this season of operation in the Glades, the local office has become recognized as a substantial outlet for approximately 20 "Vendors," all of whom must have a registered number with the P. A. C. A. All vegetables

CROSS COUNTRY CHATTER
with
Mac White

Had sort of a rugged week.

A long haul from Tampa to

Naples to Miami to Key West

with motor trouble en route.

Then, when I got back to

Jacksonville, Mary, my wife,

had a patch over her eyebrow

and looked sort of pale.

"It was like this Mac," she

told me, "I took the kids down

to Daytona on Sunday. At

Bunnell, our right front tire

burst. When I slammed on the

brakes, they locked. My head

hit the rear-view mirror. Don't

worry — the kids are all

right. So am I."

I looked her over carefully

and noted the sweat of my

neck.

"When?" I said. "Looks like

the doctor fixed you up all

right, honey. Glad it happened

where you locked. What was a

doc?"

Mary chuckled. "Thirty min-

utes after it happened," she

said, "a big trailer truck pulled

onto the shoulder. Who do you

think was at the helm?"

MacDowell, from Orlando. He

patched up my face, quieted

the kids down, changed the tire

and trailed us into Daytona.

"I grinned. 'Good old Mac,'

I said. 'He knows his first aid.'

"And I know this," Mary

said. "Now I know exactly what

you mean when you say

Florida truck drivers are cour-

teous, dependable and helpful.

I'm right proud of your indus-

try and its men, Mac."

"And don't forget," I said,

"the industry is paying its

way. During 1952 the owners

of Florida's 200,000 trucks

KIWANIS WALLOPS ROTARY 28 - 0

In the second game Friday night it was a different story. I think the less said about this game the happier we will all be. Well, anyway, the Kiwanis Wagon of Pahokee was selected as basic "Guardman of the Week" and Cpl. Charles Tryon as the advanced "Guardman of the Week" and both men were awarded a prize of \$25.00 each. The "Jackpot" was the word at Monday night drill, with each man putting in a quarter and getting a prize of \$25.00 each. W. A. Cromatie's name was drawn by past Company Commander John W. Hooker. The pot amounted to \$12.75, which was donated to the unit fund by Cpl. Cromatie, who is the new Administrative Assistant of Company E.

All young men in the localities around the lake are invited to visit the local unit. The citizens here in Glades can be proud of Company E, for the fine job they are doing. All parents are asked to consider their sons' future and weigh the great opportunities to be obtained by becoming a member of the National Guard.

The Everglades Fair organized by the Post and commanded successfully under its sponsorship since the early days, except for years, was lauded as a most effective good will builder and advertisement for the Glades.

Mrs. Effie Allen representing the Auxiliary was introduced by Mrs. George Tedder, and briefly told of the cooperative work done with the Post, and especially the time and attention given to the sick and wounded veterans. A regular program of visiting and gifts to patients in various veterans hospitals, and especially at the Billmore Hotel Hospital in Coral Gables has been established by the local unit.

Among the Past Presidents of the Auxiliary introduced were, Mesdames Luther Jones, Esther Ring, Ruth Beck, Martha Freeman, Helen Morris, Anne Will, Gertrude Farnall, Ann Kuran, Sylvia Jones and Louis Kirshman.

Newly Elected Commander J. B. Jones and President Lurline Brooks were introduced.

Concert Slated At Homecoming

"Homecoming Day" will be observed at Lake Harbor Baptist Church Sunday, featuring a Sacred Concert in the afternoon, service to begin at 2 p.m. The Men's Brotherhood Singers of First Baptist Church, Okeechobee, will be the featured attraction, singing several special numbers during the program. The singers, numbering about 25, have been rated as one of the best Men's Choral groups in the State. Other instrumental and singing combinations will be featured. Rev. George Moulton, Pastor of the Okeechobee church will give an inspirational message at close up of concert.

Homecoming Day is an annual event at Lake Harbor, where former pastors being invited to speak at morning, afternoon, and evening services. A "dinner on the ground" will be served in the old fashioned manner. The public is invited to bring a basket and enjoy the fellowship of this occasion.

Besides the afternoon concert, and the "dinner on the ground," other services will be at the usual hour, Sunday School 10 a.m., Morning Worship 11 a.m., Training Union at 2 p.m., and Evening Service at 8. The public is cordially invited to all these services. Rev. Harold Harlike, Pastor, said.

FATHER PETRIE URGES RELIGIOUS TOLERANCE

"We organized into an Episcopal mission in Belle Glade in order to further the preaching of love to God and love to man," said Father John Clarence Petrie last Sunday before the Belle Glade Episcopalians at the home of Mrs. Harrison Russell. "We oppose attacks on other churches whether Catholic, Protestant, or Jewish. We want to add to the tolerance among the members of the various religious groups in the Glades. Each group had something of a positive religious value or it would not survive."

"While we Episcopalians must be staunch believers in our own interpretation of religion we must give the other fellow credit for good faith and honesty. We must see that our neighbors say of us, that we are better citizens, better friends, better neighbors, than we find in our church."

The group meets next Sunday 6 p.m. at the home of E. M. Lively, N. W. Ave. F., when Father Petrie will conclude the series of expositions he has been giving of the Book of Psalms.

BAPTISTS ATTENDED HOUSTON CONVENTION

Rev. and Mrs. Harold Harlike of Lake Harbor Baptist Church have recently returned from the Southern Baptist Convention in Houston, Texas. They were accompanied in their car by Dr. Floyd Baker, Pastor of Northeast Baptist Church, Miami. Rev. L. M. Collins, South Clewiston Baptist Church; Billy Connell of Manatee, Fla., and their son, Rowlett.

It is reported that the convention broke all attendance records, with estimates reaching as high as 45,000. Meetings were in the San Houston Coliseum, seating 17,500, and the building proved far too small to accommodate the crowds. Next years convention is to meet at St. Louis, Mo.

CIRCLES OF WSCS PLAN PICNIC LUNCH

A committee meeting of the Mary Martha and Star circles of the WSCS of the Community

Methodist Church met at the home of Mrs. Herbert Beck Monday evening. Ruth-Naomi and the Joy circles having the highest attendance for the year are to be entertained by the Mary-Martha and circles having the lowest attendance.

The losing circles plan to have a picnic luncheon at noon on Thursday, May 28, at the shelter in the city park.

THAT ONE LIFE

"There was a man who was born in an obscure village, the child of a peasant woman. He grew up in another obscure village. He worked in a carpenter shop until he was thirty, and then for three years he was an itinerant preacher."

"He never wrote a book. He never held an office. He never owned a home. He never had a family. He never went to college. He never put his foot in a big city. He never traveled two hundred miles from the place where he was born. He had no credentials but himself. He had nothing to do with this world except the naked power of his divine being."

"While still a young man, the tide of popular opinion turned against him. His friends ran away. One of them defied him. He was turned over to his enemies. He went through the mockery of a cross between two thieves. While he was dying his executioners gambled with the only piece of property he had on earth—and that was His coat."

"Nineteen wide centuries have come and gone, and today He is the centerpiece of the human race and the leader of the column of progress."

"I am far within the mark when I say that all the armies that ever marched, and all the navies that were built, and all the parliaments that ever sat, and all the kings that ever reigned put together have not affected the life of man upon this earth as powerfully as has that ONE SOLITARY LIFE."

EXCESSIVE PRIDE

Excessive pride has caused the downfall of many men in the worldly sense. And it has lowered many men in the eyes of God.

The proud, the selfish, the ambitious do not fit into the Christian picture. Christ was humble and he did not hold out any hope for the man who was excessively proud.

The proud man believes, in a way, that he is specially favored and God will look down upon him and relax the rules a little beyond hope. Because God has no favorites and He will judge all equally.

The proud may pretend to pay homage to God; but they will go away unwelcomed and unrewarded because they lack the one gift he expects of all, a true loyalty of heart, mind and body.

But the man who kneels before

TEN SERMONS ON GIVING

1. The Willing Giver — Abraham in offering his son.
2. The Big Little Giver — the widow who gave two mites, gave most.
3. The Givers Who Were Not Niggards — The Macaronians who gave beyond their ability to give.
4. The Unpretentious Giver — the Good Samaritan, who made no show.
5. The Sacrificial Giver — David who is buying the threshing floor of Ananias, would not give the Lord that which cost him nothing.
6. The Voluntary Giver — Zachaeus, the man who did not wait to be asked.
7. The Giver Who Had Nothing to Give — Peter and John: "Silver and Gold have I none," but they gave themselves!
8. The Covetous Givers — Ananias and Sapphira, who held back part.
9. The First Givers — the Wise men, who came from heathen world!
10. The Giver Who Did Not Count The Cost — Mary, who gave lavishly of the gifts of love.

CHURCHES OF CHRIST. SCIENTIST

The healing power of Soul, God, over all ills is emphasized in the Lesson-Sermon, entitled "SOUL AND BODY" to be read in all Churches of Christ, Scientist, Sunday.

The Golden Text is from II Corinthians 3:18: "We all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, even as by the Spirit of the Lord." Bible selections include: "Then he called his twelve disciples together, and gave them power and authority over all devils, and to cure diseases" (Luke 9:1).

SELF-MASTERY

He who gives within himself and rules his passions, desires and fears is more than a king. He is a fool who cannot be angry; but he is a wise man who will not. — Old Proverb. Better conquest never came.

COMMUNITY METHODIST CHURCH

Outline for the INTERNATIONAL SUNDAY SCHOOL LESSON, May 24, 1953

LESSON TOPIC — "Problems of the Christian Conscience"

SCRIPTURE LESSON — I Corinthians 8:1-19, 6:18-20

Introduction: Paul is giving advice to the Corinthian Church which sets forth basic principles for the Church today.

I. Concerning Idolatry — I Cor. 8:1-6.

II. Concerning the Weaker Brother — I Cor. 8:7-13.

III. Abiding Principles are set forth for us today, the problems we face may be different, but Paul's advice is a guide that in other areas where Christian conduct is not always clear. This lesson can certainly set forth the danger, and also the Christian's need of abstinence, of alcohol as a beverage.

Conclusion: In vs. 18-20 of the 6th Chapter, Paul sets forth the need of purity in the Christian life. He reminds us that our bodies are the Temples of the Holy Spirit.

THIS WEEK'S SERMONETTE

MAKING GOOD INVESTMENT

by Rev. E. L. Holladay

Text: "Lay not up for yourself treasures in heaven, where neither moth nor rust doth corrupt, and where thieves do not break through nor steal." — Math. 6:20

A universal characteristic among people is the desire to make investments in life. A child at the age of six in America begins his training in our public schools and thus makes an investment in laying in store the accumulated knowledge of the past and the development of his faculties to meet life's responsibilities and challenges opportunities that lie ahead. At maturing a person pursues his chosen business or profession and proceeds to buy equipment and the necessary tools with which to do his work. We buy stocks and bonds, houses and lands, hoping to reap satisfactory returns on our investments.

Jesus returns this universal truth of man. But he also gives the wisdom of making investments in an entirely different realm that would yield dividends in both time and eternity. He did not condemn earthly treasurers and taught us to pray "give us this day our daily bread" but would have us at the end of life's little day, stewardship comes at the end of life's little day, but if we lay up "heavenly treasures" they will endure forever and are not subject to the corrosion and deterioration of "moth and rust."

What are some of the good and wise investments that we can make of an enduring nature?

Well, for one thing, he who accepts little children in the home as gifts of God and trains their little feet "in the way of the Lord" is making one of life's wisest investments and "laying up treasures in heaven."

Someone has well said that the greatest thing on wheels is not an automobile but a baby carriage. The Master has said, "who shall offend one of these little ones which believe in me, it were better for him that a millstone were hanged about his neck, and that he were drowned in the depth of the sea." Let us invest much in our growing sons and daughters, and thus find a portion of our immortality through their useful Christian lives.

Another investment not subject to "moth" or "rust" lies in the friendships that we cultivate through life. One may lose his earthly possessions and yet survive and be happy but he who fails to cultivate friends is poor indeed. The friendships we cultivate on earth will be an unbroken chain in the house that our Father is preparing for us. Far better to neglect an earthly investment than to neglect our friends.

And last of all the placing of our lives in God's hands and being of service in His Kingdom is tantamount to making life's best investment. The possession of Christ is one's heart and life is the "pearl of great price," and gives soul satisfactions and perennial joy in this life and in the life to come.

"MENNINGER, THE TREE MAN," TALKS AT CLUB

South Florida with its superb climate needs shade trees. Its streets deserve to become as charming as those of Central Florida with their great oaks. Its climate is so temperate that a host of flowering shade and otherwise fascinating species of trees are becoming available to the parks and private yards and the roadways of the region. Mr. Edwin Menninger, the "flowering tree man" from Stuart went on to tell how, some years ago, thinking to try out

some of the trees native to countries in the same tropical zone as South Florida, wrote to these countries for seeds. Today he carries on a lively correspondence with those of like-nature in many countries, exchanging seeds, information, etc.

Mr. Menninger accompanied by his charming wife, was special guest speaker at the dinner meeting of the Belle Glade Garden Club last Thursday evening. Other guests being the husbands of the club members, and Mr. and Mrs. Frank Friend of Pahokee, Rev. and Mrs. U. W. Matcomb, and Mrs. H. J. Howing.

ton of Atlanta, and Mrs. Ruth Timmons, and Mr. and Mrs. J. W. Parks. A covered dish dinner was served at twilight in the Municipal Park, after which every one retired to the Methodist Community Church. Here Mr. Menninger kept a large number of slides of the many (hundreds, it seemed) beautiful flowering shade trees, or can be grown in South Florida. He told details of each tree, where photographed, usually by whom, and in what part of a foreign country, the tree was native to.

Guests were introduced and welcomed by the president, Mrs. Luther Jones, who also announced that the Pahokee-Canal Point Garden Club had invited the members of the Belle Glade Garden Club to attend a luncheon at the Recreation Center in Canal Point on Tuesday, May 26th, at 12:30 p.m. Installation of their new officers will take place at this time.

Winners of the basket arrangement contest and the specimen gardenia contest were announced as follows: Arrangement: Mrs. Roy Bair, first; Mrs. Luther, second; Mrs. Herbert Beck, third; specimen: Mrs. George Farnall, first; Mrs. Luther, second; Mrs. Roy Bair.

Members of the hostess committee included: Mrs. Lonnie Warren, chairman, Mrs. J. A. Spence, Mrs. Harold Riedel, Mrs. C. A. Bailey, Mrs. Harold Royal, Mrs. W. R. Dickinson, Mrs. D. R. Kemper. Others attending: Mr. and Mrs. Ralph Kirk, Rev. and Mrs. E. L. Holaday, Mr. and Mrs. Walter Hooker, Mrs. J. P. Halbrook, Jr., Mrs. John Gledhill, Mrs. Paul Kirkman, Mrs. Della Altmann, Mrs. George Wedgworth, Mr. and Mrs. D. R. Kemper, Mr. and Mrs. Donald Aspey, Mr. and Mrs. Clarence Aspey, Dr. and Mrs. Roy A. Bair, Mrs. Irving Zumpf, Mr. and Mrs. Harry Bregger, Mr. and Mrs. Donald Kirkman, Mr. and Mrs. Herbert Beck, Mrs. C. A. Bailey, Mrs. Harold Riedel, Mr. and Mrs. Lonnie Warren, Mrs. W. R. Dickinson, Mrs. O. L. Royal, Mr. and Mrs. Ted Daniels.

CONDUCTS REVIVAL
Anthony Mattucci, of Abruzzi, Italy, is the featured speaker in a revival series now being conducted in Belle Glade by the Belle Glade Church of Christ.

Mattucci is preaching during this meeting in lieu of Aniceto Spargano, as previously announced, because of unexpected developments which called the latter to Washington this week.

In Italy, Mr. Mattucci was an ordained priest in the Roman Catholic Church for fifteen years, from 1936 till 1951. He was also a professor of languages in the Penne Seminary and later in the Italian public schools, specializing in Greek and Latin.

His education after the college level consisted of four years in the Theological University of Chieti, Italy, where he earned his doctor's degree in theology and four years study in the University of Rome where he obtained a doctorate in classical languages.

During the last war he was arrested and imprisoned by the Gestapo for helping American prisoners of war.

Since coming to America in 1951 on a visitor's visa, he had learned to speak very creditable English, and, as an evangelist for the churches of Christ, has had a very successful ministry among Italian-speaking people of New York and Philadelphia. He has also travelled throughout the United States, preaching and lecturing on subjects relative to his religious background and reasons for his conversion.

Services during the Belle Glade revival are being held in a tent located on West Lake Road near the high school. An unusual feature of the meetings is an open forum following each service, wherein Mr. Mattucci receives and answers questions from the floor pertaining to his subjects or to Bible teachings in general.

J. Curtis Manor, minister of the local church of Christ, directs the congregational singing, and John H. Renshaw of West Palm Beach is moderator for the open forum period.

The series of meetings will continue at 7:45 each evening for the rest of this week, closing with an afternoon service at 4:00 o'clock Sunday.

VETERANS INFORMATION AND SERVICE

By Melvin T. Dixon
State Service Officer
GI LOAN INTEREST RATE INCREASE: At least the increase of one-half percent in the maximum allowable interest rate on GI home loans guaranteed by

the VA has been officially announced. This action raised the rate from 4% to 4 1/2%.

The new 4 1/2% interest rate will be permissible only for GI loans closed after May 5, 1953, the effective date of the change. The new ruling does not affect the rights of any veteran who has a contract or a firm commitment from a lender to make a loan at a lower rate.

The gratuity payments will remain at 4% as previously. Instead of applying these payments to reduce the principle amount of the loan, the lender and the veteran may now also apply the gratuity in other ways, for example, to pay the first two or three installments on the loan, or to pay all or part of the first years taxes and insurance.

With the removal of credit controls it is now permissible for veterans to obtain GI home loans with no down payment and with a repayment term up to 30 years, however, the lender makes the decision as to the terms of the loans it makes.

In the past, veterans have been advised to submit their discharge or separation papers to the lending institutions making the loan. Veterans are now advised to apply in advance for Certificates of Eligibility. Under new procedures this will reduce delays in processing the loan applications later. VA must now have information not

previously needed to establish eligibility, such as, whether the veteran served in World War I or since the start of the Korean conflict, or both; what prior use of his loan guaranty benefits, if any, has been made; the status of any prior GI loans, and whether the veteran still owns real estate purchased with any such loans.

GIRLS AND BOYS ELIGIBLE FOR AIR RESERVE IN MIAMI

For a limited time men and women with no previous military service are being accepted in the 435th Air Reserve Troop Carrier Wing, Col. Harry D. Copland, commanding the Air Force Reserve Training Center at Miami International Airport, announced recently.

The new reserve enlistment policy primarily affects high school students over 17 years of age who may wish to learn about military service before serving on active duty as required by federal law. Reserve enlistments under this new plan, Col. Copland said, must still exist existing vacancies in the reserve. The only active Air Reserve unit in Florida. Those qualifying must attend monthly training sessions and participate in the yearly two-week active duty period.

Young air reservists will be

given orientation courses and assigned to a section of the wing for training and will be paid for attending all sessions.

The AF Reserve Center has a downtown office at 222 NE

P.T.A. Notes:
At our last general meeting for the year we were pleased to have again one of the largest groups of parents in attendance. The following elected officers for the coming term of '53-'54 were installed by Mrs. Daisy M. Murrell, our District President.

Mrs. Pauline Stokes, president; Rev. E. Wright, vice president and chaplain; Mrs. Lucy Baines, treasurer; Miss M. B. Reid, secretary.

Our District president also gave us a few helpful suggestions for a better P.T.A. organization. The members in the past have shown a great deal of enthusiasm and very anxious to represent in all larger P.T.A. organizations. The school family as a whole has achieved many goals thus far through cooperative living and proper understanding.

Campus Highlights:

Our last special assembly program was given recently, sponsored by grade five and teacher, Miss M. B. Reid. The playlet "Weather Clerk" tied in very beautifully with the climatic disturbance on May 8.

The audience seemed genuinely interested. We are asking all parents and friends to please prepare now to give better recognition to our assembly programs next term. You are cordially invited at all times.

GENERAL MOTORS

LOWEST-PRICED EIGHT!

When it comes to value in a car, look no further than Pontiac—A General Motors Masterpiece!

Here's a brilliant performer with a high-compression eight-cylinder engine full of eager pep for traffic, wonderfully economical on the open road.

Pontiac is a striking beauty! No car is more distinctively styled than a Dual-Stream Pontiac. And what a buy it is! For all its size, roominess and 122-inch wheelbase, Pontiac is priced right next to the lowest. It's not only GM's lowest-priced eight, but is also offered with a remarkably economical six at even lower cost.

It all adds up to this: As an eight or as a six, dollar for dollar you can't beat a Pontiac. Come in and see for yourself!

According to Mrs. Francis Cross, Jr., service chairman, Beta Sigma Phi Sorority, sponsors of the audimeter tests, children from the third through and including the sixth grades, have had the tests. Only 5 students out of 284 having defective hearing from the Belle Glade School; 2 out of 48 from the South Bay School; none of 39 in Lake Harbor School.

Paige Choate, manager of Okechilla Camp moved the auditor to the camp school and Mrs. Choate showed the teachers how to use the machine.

WASHINGTON NEWS LETTER

WASHINGTON—Need for some new definitions is becoming apparent in the national government.

Take the word economy.

One meaning, says Webster, is "strict husbanding of resources."

Nationally, that should mean protection and development of our natural resources, careful and sound use of our tax dollars, accurate measuring of values and of dangers to our national security, our hardwon liberties, our country's freedom.

Apparently, there are some who believe that there is merit in simple, old-fashioned reduction of spending. You can save an awful lot of money by firing all the tax collectors. This would reduce government costs by billions; it would also destroy our system. I favor elimination of waste, extravagance and duplication as much as anyone, but we must not confuse the wastrels with the sound managers.

I am not at all convinced that we can afford the gamble with our national security by cutting the marrow from our military program.

The Florida delegation is engaged in a fight against virtual elimination of the Florida flood control work from the Army Engineers' "civil functions" program. If the cut contemplated goes through, it will injure the nation and bring undesired difficulties to those who have been most cooperative in seeking sound maintenance of the nation's "winter vegetable basket."

In effect, the government has promised a major repair job to some people with a leaky roof. To date, the work accomplished has been largely in removing the old roof and it is proposed in order to make a record for "savings," to leave the house as recently exposed endangering that which the old roof, despite the leaks, had been giving a measure of protection.

In this program, hit by the "meat axe," there is a definite betrayal of a promise to the people of Florida. Congress may not, finally, agree to this definition of "economy."

VARIOUS TREES BEING TESTED FOR SHADE AND POSTS IN PALM BEACH

Belle Glade, Fla.—Demonstration plantings of several species of trees have been made on three ranches in this section to determine whether they are suitable for providing shade for cattle producing much-needed posts for fencing.

Catalpa, native cypress, mahogany, albizia, and native maple trees have been planted on the ranches, and two seed-beds of Tupelo gum have been established. Herbert L. Speer, assistant Palm Beach County agent, reports:

"Cattle on open ranges, par-

ticularly those of the English breeds, need shade in the hot summer-time to do their best, and we are hoping that one or more of the species we are testing will turn out to be good for this purpose. We also need fence posts, and we hope they also will prove satisfactory for this purpose." Mr. Speer explains.

Tupelo gum trees are native to northwestern Florida and southern Georgia, but some trees of this species that have been transplanted further south in Florida have made fair growth, and Mr. Speer thinks there is a possibility of Tupelo gum making satisfactory growth here.

Louis T. Nieland, director with the Florida Agricultural Extension Service, is cooperating with Mr. Speer and the ranchers in the demonstration plantings.

ROGERS PESSIMISTIC ABOUT RESTORATION OF FLOOD CONTROL CUTS

Congressman Dwight Rogers predicted passage next week of a bill for which he has worked vigorously. The bill will prevent the Interstate Commerce Commission from meddling in the present method of "trip leasing" trucks which haul Florida fruit and vegetables to the northern markets. The bill was introduced after the Commission ordered an end to the trip leasing—which would have virtually wrecked the independent shippers.

Rogers does not seem as optimistic about restoring Florida's flood control money which was cut off by the new Republican regime. Florida's money was cut from \$5 million down to \$800,000. Rogers is trying to get it up to at least \$1½ million, but has little hope for success.

EVEN THE SUPREME COURT RECOGNIZES FLORIDA'S SENSIBLE SUMMER DRESS

The ceremony of being admitted to practice before the Supreme Court of the United States is a solemn occasion. The candidate must be presented formally by someone already admitted to the high court. Dark gowns must be worn—cuts must be buttoned. This dress routine was shattered when George J. Talianoff of Miami Beach arrived in town for the ceremony dressed in a light summer suit, Bill Lantaff, his sponsor, uttered a dart that fit Talianoff as he too donned sport clothes and explained the situation to the Clerk of the Court.

In deference to Florida, the "sports-clothes wearing" center of the country, an exception was made, and for the first time on record a candidate was given the oath in informal attire.

VETERANS INFORMATION AND SERVICE

By Melvin T. Dixon

State Service Officer REOPENING VETERANS' DISABILITY CLAIM.

Any war veteran with a service-connected disability who believes his disability is worse now than it was at the time an award was made can apply for an increase in rating.

The privilege is particularly beneficial to those veterans who were found to have disabilities incurred in service or aggravated by service but not to a degree of 10 percent or more. Many disability cases of veterans have been adjudged "zero" percent. Indicating that while an ailment exists attributed to service, it is not sufficiently serious to warrant a rating of 10 percent or more.

Other veterans who are rated more than 10 percent disabled whose disabilities have grown worse are also entitled to re-examination for rating purposes. However, I warn every

SENIORS HAD SKIP DAY AT COLONADES

"Skip Day" turned out to be a wonderful holiday for the seniors of the Belle Glade High School, who left Thursday afternoon, driving to the Colonades Hotel, where they stayed until Saturday.

They were accompanied by their class sponsors Miss Sara Diggs, and Roy Litchfield. Also chaperoning the group were Mrs. Litchfield, Mrs. Robert Cameron, Mrs. J. A. Ball, Mrs. R. S. Kent, and Miss Anne Kirchman.

Friday, May 28 will be class night, awards will be presented at that time; Sunday night, Baccalaureate service, Reverend Robert Ford; Senior Exams, Friday, May 29 and Monday, June 1, graduation exercises, Wednesday, June 3.
